

# AMP25BDC-1.1/28

DC Tubular Motor with built-in RF control  
vR Part # 62004100

dimensions

specifications

|                        |                                |
|------------------------|--------------------------------|
| Model                  | AMP25BDC-1.1/28                |
| Torque                 | 1.1Nm                          |
| Speed                  | 28rpm (adjustable to 20 or 24) |
| Motor Size (L x W x H) | 296mm*40mm*40mm                |
| Voltage                | 12V DC                         |
| Current                | 0.99A                          |
| Power                  | 12W                            |
| IP Class               | IP20                           |
| Insulation Grade       | A                              |

|                      |                                      |
|----------------------|--------------------------------------|
| Battery Model / Type | External Battery Pack (PN: 62203000) |
| Battery Capacity     | 2600mAh                              |
| Working temp         | 32°F to 140°F (0°C to 60°C)          |
| RF Modulation        | FSK                                  |
| Radio Frequency      | 433.92 MHz                           |
| Max Running Circles  | 6 Minutes                            |
| Limit Switch Type    | Electronic                           |
| Sound Level          | 46dB                                 |
| Net Weight           | 0.66Lbs                              |

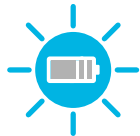

**\*All AMP tubular, honeycomb, and tilt motors — with or without an external battery pack — must use a minimum 2A (amp) charger to properly charge the shade. Use of a lower amperage charger may cause improper charging, permanent battery depletion, or motor failure.**

features & applications

external battery for head rail

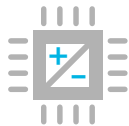

solar charging

bi-directional

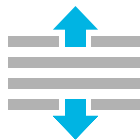

app compatible

electronic limit

slow jog & tilt mode

leveling control

favorite position

adjustable RPM

roller shade

roman shade

banded shade

narrow width

sheer shade
